

HIFU (HIGH INTENSITY ULTRA SOUND)

HIFU face and body procedures using HIFU device have been in high demand within all dermal clinics as it is a noninvasive lifting, firming and tightening treatment and a much safer procedure than Botox. This training workshop will provide you with the skill set and knowledge to perform on your clients and invest in a growing service within the industry. HIFU training will involve theory and practical as well as 1 free session at Future Laser and Body Clinic so you as a therapist can experience the procedure for yourself.
